SPECIAL EVENTS

Our calendar is always bursting with student-focused events that bring the campus community together. We pride ourselves on partnering with local vendors to enrich students' dining experiences.

SUSTAINABILITY

Through zero waste practices, sustainable sourcing, and mindful menus, we strive to minimize our environmental impact across all operations. Events, compost bin locations, hydroponics planting activities, outreach programs, local partnerships like the Williamsburg Farmers Market and more make sustainability easy and accessible for the entire campus community.

NUTRITION

If a student has special dietary needs or restrictions, W&M Dining can provide the tools and accommodation to ensure they get the most out of their meal plan. We've got a team of classically trained chefs and an on-site Wellness Manager dedicated to innovation and well-balanced nutrition. W&M dining was recognized as one of the top 100 allergen friendly colleges in 2024.
