BEYOND THE PLATE

SPECIAL EVENTS

From themed meals to pop-up events, our calendar is designed to connect students and create a vibrant campus community. We also partner with local vendors to bring fresh flavors and unique dining experiences to campus.

SUSTAINABILITY

Through zero-waste practices, sustainable sourcing, and intentional menu planning, we're committed to reducing our environmental impact across all operations. From events and compost bin access to hydroponic planting activities, community outreach, and partnerships with local groups like the Williamsburg Farmers Market, we make sustainability easy, engaging, and accessible for the entire campus community.

WELLNESS

Students with dietary needs or restrictions never have to compromise. Our team—including classically trained chefs and an on-site Wellness Manager—is committed to creating delicious, balanced meals that meet a variety of nutritional needs. With personalized support and innovative options, we make it easy for every student to get the most out of their meal plan. In 2025, we were proud to be named one of the top 100 allergen-friendly colleges in the nation.
